REVOLUTIONIZING THE WORLD OF BATHING TEXTILES

We are a Finnish brand specializing in setting an uncompromising standard for luxurious, high quality bath and bathing wear textiles. Our mission is to bring the spa experience into everyday moments at home. Since 2015, we've been at the forefront of the home spa revolution. We introduced a groundbreaking concept that redefined the role of a towel. It is no longer just a towel, but a daily indulgence that carries you to the luxurious ambiance of a spa experience.

Our journey began with the visionary dream of our founders, two friends, to design the world's best hair towel. For this purpose, with months and years of determination, we developed the perfect towel material. From day one, we have not engaged in seasonal production but focus on designing timeless products that exceed all expectations in user experience.

We have introduced many innovative products to the market, such as a snap-fastened design Hair Towel, a groundbreaking Spa Dress, and, for example, a Baby Towel that lasts until the age of five. For us, the number one choice for sustainability is a high quality and long lasting product, and we encourage our customers to choose home textiles thoughtfully and for years to use.

OUR PHILOSOPHY

EXCEED THE EXPECTATIONS

Once you have tried our towels, you never want to change them. This is how we do it, as simple as that. We aim for the softest and most indulging materials in all the collections we design.

PERMANENT COLLECTIONS ONLY

We don't believe in trends or changing seasons. We design only permanent collections. No seasonal sales or discounts needed.

LONG PRODUCT LIFECYCLE IS SUSTAINABILITY

Every step from raw materials to production, packing, consuming and maintaining has been carefully thought. A long lasting high quality product is our sustainability choice number one.

THE DESIGN VISION

Pure cosyness, elegant details
and timeless colors

In our designs, we like to keep it simple. Whatever the product, it is comfortable to use, pleasing to the eye and perfect for any home and anyone.
